

Professional Summary:

- I have 2+ years of IT experience in **Java(Spring Boot)** development and implementation of web-based applications.
- Good experience on creating **Restful API** using **Spring Boot**.
- Worked on Spring **JDBC**, Spring **Hibernate ORM** and **JPA**.
- Good knowledge on **Java EE** technologies such as **Servlet**, **JDBC**, **JSP** and **JSTL**.
- Knowledge on **Java SE** include **collection**, **threading** and Core Java.
- Good programming skills in designing and implementation of applications using web-based technologies like **Spring MVC** and **Spring Boot**.
- Good hand on error handling in **Spring Boot**.
- Good experience of designing like **DAO**, **DTO** and **Model view Controller**
- Good experience in DataBase (**SQL Server** and **PostgreSQL**).
- Having good experience in Developing **SQL Functions, Views, Functions, Triggers, Joins, Index and CTE**.
- Using all kinds of SQL Constraints (**Primary Keys, Foreign Keys, Defaults, and Check, Unique etc.**) and generating Sub Queries.

Technical Skill Sets:

- **Languages** : JAVA, J2EE, SQL
- **Operating System** : Windows 7, 8.1, 10
- **Technologies** : Core Java, J2EE, Servlet, JSP, JDBC, JSTL
- **Database** : SQL Server, PostgreSQL
- **Design Pattern** : MVC

Work Experience:

- Working as a **JAVA Developer** with **Sparc Pvt. Ltd., Bhubaneswar, Odisha** from February 10, 2020 to November 1, 2022.

Educational Qualifications:

- **B-Tech** (electronics and communication engineering) from **CENTURION University of Technology And Management (CUTM)**, Odisha Year (2013-2017)
- **CHSE** (Science) from **Indigo +2 sci & com. residential collage**, Odisha Year (2011-2013)
- **Matriculation** from **Saraswati sisu vidyamandir**, Odisha Year (2011)

Professional Experience:**#Project 1:**

- **Project Title** : GRFL(Geo-Referencing of Forest Land)
- **Duration** : February 2021 to November 2022
- **Role** : JAVA Developer
- **Team Size** : 4
- **Environment & Tools** : JAVA, J2EE(Spring Boot), STS, PostgreSQL

Description:-

It's a forest domain project, in this project our client is Odisha Government. We are providing all forest related data in a single window, so that govt can take any positive decision for forest development.

Roles & Responsibilities:

- Involved in designing web pages and writing the code.
- Implementing Spring Boot Framework.
- Involved in coding for DAOs, Services and Controllers.
- Designed and implemented data Model Using Backend Database (PostgreSQL)
- Implemented entire application in Spring MVC 3.0 design framework.
- Extensively used Eclipse for writing code
- Used Postman to test the RESTful API for Http request such as GET, POST and PUT.
- Understanding user requirements and system specifications.
- Designing the application modules, base classes and utility classes.
- Developing the graphical user interfaces by using JSP, HTML, CSS, and JavaScript
- And also Written complex queries using Joins, Sub Queries and Functions using database.

#Project 2:

- **Project Title** : FLIDSS
- **Duration** : November 2020 to February 2021
- **Role** : JAVA Developer
- **Team Size** : 6
- **Environment & Tools** : STS, PostgreSQL

Roles & Responsibilities:

- Involving in requirements gathering, analysis, design, and documentation of the application.
- Implemented entire application in Spring MVC 3.0 design framework.
- writing SQL queries with major Relational Databases.
- Developed Stored Procedures, Functions and Views.
- Developed two major modules like User Registration, DGPS data processing and verification.

Personal Details:

Name : Damini Priyadarshini
Father Name : Jagabandhu Rout
Nationality : Hindu
Marital Status : Married
Date of Birth : 18-March-1996
Language : English, Hindi, Odia

Declaration:-

I hereby declare that the above given information is correct to the best of my knowledge and if found incorrect the company reserves rights to cancel my Appointment.

Thanks and Regards
